Mission

Art to Heal. Art to Inspire. Art to Empower

ArtWorks is a not-for-profit organization dedicated to transforming the healthcare experience of pediatric patients through the arts. Our mission is to provide children and young adults suffering from chronic and life-limiting illnesses access to creative and performing arts programs that encourage the use of the creative process as a vehicle for healing, communication, self-expression and personal development. ArtWorks partners with 50 hospitals in New York and New Jersey and serves 20,000 children a year. ArtWorks now supplies Creative Art Kits to Pediatric Hospitals across the United States along with our new virtual Creative Arts Library.

Surprise!Supplies distributes art supplies and craft kits to children in the hospital. Supplies are delivered to all hospitals upon request around the country and to fill the bright and colorful custom built mobile art carts, designed by New York Pop Artist, Ed Heck in our local hospital.

Each year, thousands of children benefit from the *Surprise!Supplies* program. It keeps patients and their siblings busy creating, while anticipating a long day in treatment or accompanying a sibling to a medical procedure. Carts are in place in pediatric intensive care units, hemodialysis units, oncology/hematology clinics and renal and liver clinics. The art cart is brought into the rooms of patients, and children are able to choose their own supplies to use and to keep. The program has filled a huge gap in hospital services that occur when patients prefer to stay in their rooms (or are not physically able to leave their beds). The cart allows hospital staff to reach all children, thereby increasing patient satisfaction and providing valuable therapeutic and recreational support.

"I wish you could see the smiles and pure glee that we see on the faces of our patients as we roll the art cart into their room. The art activities not only distract and entertain the patients so that they don't focus on their pain and anxiety, but they get entire families drawing and painting."

-Michelle Brauntuch, Child Life Director, Englewood Hospital and Medical Center

SAMPLE LETTER/EMAIL TO TARGETED PARTICIPANTS

Our organization is holding an Art Supply and Fund Drive on [DATES] to benefit ArtWorks, The Naomi Cohain Foundation's Surprise!Supplies program. ArtWorks provides children and young adults suffering from chronic and life-limiting illnesses access to creative and performing arts programs that encourage the use of the creative process as a vehicle for healing, communication, self-expression and personal development. This is a great opportunity to help a great cause and I encourage you to join in our efforts. All supplies and funds raised will help ArtWorks bring arts programming to kids who need it most.

ArtWorks seeks to empower, validate, and honor these children by offering them the hands-on experience and materials with which to create, as well as the opportunity to publicly share their artistic accomplishments. In most cases, children with severe illnesses have very little control over their lives. The seemingly endless array of doctors, hospitals, treatment plans and, sometimes, surgeries, have become a regular part of their existence. Capturing the minds and imaginations of these children through our programs provides them with a much-needed sense of freedom and the opportunity to express themselves—to make choices and decisions about their work—which can be empowering and fulfilling.

Here's how you can help:

1. Donate Funds. For an official Financial Donation Form, please e-mail or see [DRIVE COORDINATOR'S NAME AND EMAIL ADDRESS], or visit ArtWorks' website www.artworksfoundation.org.
